BADLY MIXED UP.

Abraham Brown, of Winterton N. One bottle did me more good than all the five doctors prescribed." Guaranteed for blood poison, weakness and all stomach liver and kidney complaints, by Chas. C. Davis druggist, 50c.

BOBBITT ON SENATORIAL RACE.

Crab Orchard, Ky., Dec. 9th. 07
Dea Signal:—I was present at the opening winter session of your Circuit Court and was delighted to see so many of my old friends, among whom my old, and most learned preceptor, Judge Morrow looking like he had found the celebrated rejuvenating spring in search for which the grand old cavalier, of fading fame and failing fortune, Ponce de Leon, lost his life. The Judge's instructions able and pointed. He has improved so much in looks, and if he were not perfect before appears be so now and at the request of such farmers and stock raisers as the Hysingers, J. C. Rimel and Joel Pittman, will allow me to address the stock raisers of Rockcastle County in the Court house at 1 o'clock P. M. on that subject. This will be the 3rd Monday in March 1908. Let all the farmers in the county repair to the Court house on that day and hour at the ringing of the Court house bell. A subject will be discussed that no doctor understands but perfectly familiar to the speaker. I find the democrats here as everywhere else have been delighted with the defeat we lately met with and think the party now has a showing to carry the gallant old State for democracy in 1908. Oh, what a crushing weight was that machine, Ex Confederate Soldiers from Powell Valley writing to me from their camp to come down and make a speech against Beck-ham, Hager and the machine, and we will give you the old fashioned Rebel yell you old sage of Central Kentucky. One said 80 per cent and the other 90 per cent of us will vote the Republican ticket in November and that was the sentiment of the Rebel element of Democracy all over the State of Kentucky. About 25000 democrats voted the Republican ticket. Strange anomaly that we had to beat ourselves to live as a party hereafter! The wanting, overbearing ambition of a waddling wretch his party upon

the rock-bound coast of selfish ambition. He should not be rewarded. There was no law nor precedent for that Primary election, and besides fraud vitiated every contract into which it enters. That ambitious boy could have waited six years longer and then the senatorial toga would have set as loosely upon him as the skin of a Rhinoceros. If the Legislature cannot give us the grand old veteran James B. McCreary give us a dead lock till session 1909 and I shall be there to say to the Caucus Mr. Chairman:—I take pleasure in nominating for United States Senate the Hon. James B. McCreary an eminent lawyer a distinguished statesman and eloquent orator. He yielded the gavel of the speakership of the Lower House of the Kentucky Legislature and with signal ability made you a model Governor; for 12 years he was your Congressman whose halls be adorned. He represented your Monetary interest in the Court of Belgium in Europe. He is an ExConfederate soldier and as brave a warrior as ever buckled sword, and as true a patriot as ever breathed a word, and never did Grecian philosopher with golden pen trace upon the deathless page, truths more sage, than he will now lay down for men. And the result would be as it was when I seconded the nomination of Mrs. Virginia Hanson, a nomination and election by acclamation. If the Legislature does not give us McCreary now give us the dead lock till 1909. Mr. Editor we are glad of the stand you have taken upon his question, and will say your paper is ranking with the best in Kentucky and like the giant oak of your rock ribbed county growing stronger every day

ANNOUNCEMENTS

We are authorized to announce G. T. JOHNSON as a candidate for County Court Clerk, subject to the action of the Republican party.

The financial condition throughout the country is gradually growing better with each succeeding day and panic which for a time seemed almost inevitable, has passed and we hope not to return.

It is now Gov. Wilson. To some of us it would have sounded much better to have been able to say Gov. Hager, but such is not the case and therefore we can only make the best of it, with an earnest appeal to the new Governor, to do as he has promised and all will be well.

Another week of gratifying recovery has been experienced in the stock market, and since the panic security values show an advance of ten points and over on leading issues. In bonds as well as in stocks there have been substantial gains. Interior banks are rapidly getting over their fright, and the whole situation is much brighter.

EVERY now and then there "bobs up" some fellow, who thinks it is his Beckhamed duty to call a halt to Col. Watterson, the venerable and brilliant editor of the Courier Journal and, proceeds to eat the Colonel up blood raw. After the gas bag has "busted" the Colonel proceeds, in that style peculiar to himself and that is the last heard of that Watterson "Roaster" until next heard of in Frankfort, to see if the Governor didn't have another job for him or some other member of the family. But since the Governor is down and out now and has no more patronage to offer it will be damn Watterson, Beckham and all the rest.

Congressman Edwards, of the Eleventh district, introduced a bill which makes liquor shipped in interstate commerce subject to the police laws of each State as soon as it crosses the State boundary. The reason for this bill is that dealers outside of the State may, through the express companies and rail roads, ship liquor into counties or precincts which under the laws of the State prohibit the sale of liquor so decided by the U. S. Court.

This bill ought to be passed, but it is not very probable that it will get through.

If the National Congress fails to pass a law forbidding the shipment of whiskey from one state to a local option territory in another, then for the protection of our State and its manufacturers, we believe the Kentucky law should be so amended that, those who will have the "red juice" can buy from the home manufacturers, and not send the money to other states to enrich those manufacturers to the detriment of our own State.

DENATURED ALCOHOL.

The name "alcohol" is composed of two Arabic words, "al kohl" meaning "the devil," which goes to show that the Arabs knew a thing or two.

"Denatured alcohol," as the futher name somewhat vaguely indicates, means alcohol which has been put through a process by which it is rendered poisonous and hence unfit for use in patent medicines.

The removal of the internal tax on the making of it reduces the price of such denatured alcohol from \$2.50 to 25 cents a gallon, and is done with a view to furnishing cheaper light, fuel and transportation.

The advocates of the measure have predicted many marvelous things for the future under the new regime. It is contended that its

use as a substitute for gasoline will reduce the cost of running automobiles to a very large extent; that it will supplant kerosene for lighting purposes; that it will be used for heating our houses; that it will revolutionize the making of smokeless powder, etc.

Logan Salyers died at his home in Corbin at 3 o'clock Nov. 2nd of consumption. His remains were brought here for interment and quietly laid to rest with Masonic honors in the Ward cemetery on the 4th. His sorrowing wife and three bright children together with a host of sympathetic friends accompanied the remains from Corbin to this place of one who six months ago was a healthy happy man, and looked as though there were many happy, healthy years in store for him. But yet, sometimes how deceitful is time. We say to day that we will lay up treasures so that old age will not find us unprepared and to morrow we are stricken down and only a name and a memory is all that is left. The stricken home, but God said in his

blest word, "Dust thou art and to dust thou returnest." But keep not relatives and friends for some bright day all the broken families here will be united again to live in peace for ever, if we follow His commandments.

M. Hicks was in Mt. Vernon Monday on business.—J. A. Mullins is having his house covered.—Mrs. Mahala Carson is in Mt. Vernon visiting her daughter, Mrs. Cummins.

Will McGuire was with home-folks here Sunday, leaving Tuesday for Berea. He will visit his sister at Paris before returning home here to spend Xmas.

EASY TO MIX THIS.

What will appear very interesting to many people here is the article taken from a New York daily paper, giving a simple prescription, as formulated by a noted authority, who claims that he has found a positive remedy to cure almost any case of backache or kidney or bladder derangement, in the following simple prescription, it taken before the stage of Bright's disease:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

A well known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic afflictions with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing the most important organs and helping them to sift and filter from the blood the bad acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

The Statement of the New York clearing house banks for the past week shows that the banks hold \$16,210,350 less than the requirements of the requirements of the 25 per cent. rule. This is an improvement of \$6,779,075 in the proportionate cash reserve as compared with the previous week.

King Oscar II. of Sweden, the best beloved monarch in Europe, died in the royal palace at Stockholm, after a long illness. The announcement of his death was received with the greatest sorrow. Large crowds standing with bowed heads and streaming eyes long after the official announcement of the death. King Oscar was regarded as the most learned man in Europe being a philosopher and student of many things, and his reign had been an eventful one. No trouble is expected as a result of the death, and the succession will pass without dissension.

Whorton Golden went on the stand in the Powers trial at Georgetown yesterday and told of the plot to murder Goebel. He told all the details of the gathering of the mountain army, its movements in Frankfort and talks with Powers, in which the defendant said Goebel must be killed as the only way the contest would be settled.

In interest in the San Francisco graft trials will be renewed to day when Patrick Calhoun, president of the United Railways of that city and one of the most prominent men named as a defendant in a long series of prosecutions, will be called to the bar.

A drill continues to pound in the oil section of Kentucky in spite of the cold and unfavorable weather, but in spite of the unfavorable weather, but in several sections little is doing. One good well was brought in in the established field, and the week showed good results.

The sixteen battleships which makes up the Pacific-bound Atlantic fleet will rendezvous in Hampton Roads to day, and will take their stations in squadrons of four vessels each, all under command of Rear Admiral Evans.

The big tunnel under Lookout Mountain at Chattanooga, Tenn., is at last cut through, the workmen having met at a point 1,000 feet under the hotel on the Point. This tunnel is 3,400 feet long and will be broad enough and high enough for four tracks to be laid. For along in the tunnel a serious obstacle was met in the way of a great cavern which was so deep that it was found impracticable to attempt to fill in for the tracks, so a bridge will be built across it, a feat quite novel in railroad engineering. This cavern runs at right angles to the railroad and emerges in Alabama at a point 18 miles from where it intersects the tunnel.

Harris' Great Minstrel showed here Monday evening and the square root of nothing would be a splendid representation of what it was. Such snide affair are simply a nuisance and the city councils in the various towns would be doing the proper thing, in simply putting a stop to such fakers, which could only be done by high license. A good show or minstrel is all right and we like to see one come around now and then, for we enjoy taking a peep ourselves, but a sorry negro minstrel such as that which exhibited here last Monday evening is beyond the limit, and the sooner they are put out of business the better off the country will be.

By the overwhelming vote of 31 to 18 Chicago was selected as the next Republican National Convention, defeating Kansas City largely because the Taft boomers had prematurely announced that the selection of Kansas City would be a big victory for the secretary of War. June 16 was made the date for the gathering, a compromise being effected between the committee-men who favored a convention in the first part of June and those who wanted it held late in June. The formal call will not be issued until to day. The formal call will not be issued until to day. The representation of the Territories in the convention was cut from six to two votes.

This is but a casual list of the many things which it is expected will be accomplished by the general use of denatured alcohol. A reduction of from \$2.50 to 25 cents a gallon is quite a slump and it is easy to be seen that it will readily come into very general use for the purposes to which it is adopted.

After watching results for sixteen years, during which time many millions of bottles were sold and thousands of letters from users were received, the originators of Dr. Caldwell's Syrup Pepsin, the great herb laxative compound, feel safe in guaranteeing it in the various diseases of the stomach, liver and bowels, such as chronic constipation, dyspepsia, indigestion, biliousness, flatulency, sour stomach, bloated stomach, heartburn, etc. There is an absolute guarantee to refund the purchase price if Dr. Caldwell's Syrup Pepsin does not do what is claimed for it.

For sixteen years this remedy has been recommended for stomach, liver and bowel complaints and the fact that each year more and more families are using it proves that it has the merits claimed for it, and the letters we are constantly receiving prove that it is curing these diseases. Hence the guarantee is justified.

Mr. Alton, of Boynton, I. T., considers Dr. Caldwell's Syrup Pepsin "the best laxative tonic on the market because, to use his own words, 'it does all you claim for it and I do not know of another medicine of its kind that does.' Mrs. Williams, of Sidney, Ill., writes that she has used it in her home all her married life and would not keep house without it. Thousands of others have written to the same effect.

An armed and masked body of men captured Hopkinsville Saturday morning about 2 o'clock, and, after severing connection with the outside world and holding the police and firemen in place, set fire to three tobacco warehouses, one belonging to the trust, one independent, and a third containing Association tobacco. All three were destroyed. The invaders brutally beat a buyer for the trust and perhaps fatally wounded a brakeman on the Louisville and Nashville railroad, who was trying to save a burning car. A posse followed the raiders and fought a running battle with them. Acting on an appeal from the officials of the city, Gov. Beckham ordered one company of State militia to the scene. Two of the raiders may have been wounded, one by a citizen of Hopkinsville who fired into the crowd, and the other in the battle with the posse.

Speaker Cannon, in addressing a committee from the platformers' union, paid a tribute to organize labor, but declared himself opposed to one man political leadership, and said he did not believe union men would ever accept a dictatorship over their votes.
